Email from The Perry Initiative

*We're very excited to announce an upcoming Perry Outreach Program on **Saturday, March 9, 2019** at **Mayo Clinic Rochester in Rochester, MN**. The Perry Outreach Program is a free, one-day, hands-on experience for high school and college-aged women who are interested in pursuing careers in medicine and engineering. Students will hear from women leaders in these fields and try it for themselves by performing mock orthopedic surgeries and biomechanics experiments.*

*We are now seeking applicants for our Rochester, MN program. Participants should be women in grades 10 and up with an expressed interest in science, medicine and/or engineering. We would very much appreciate if you could pass this information along to any high school principals, high school science teachers or high school students you may know. Applicants should be directed to fill out our online application in advance of the **February 11, 2019** application deadline.*

Additional information can be found on our website: www.perryinitiative.org

The application may be accessed directly using the following link: <http://perryinitiative.org/programs/student-online-application/>
